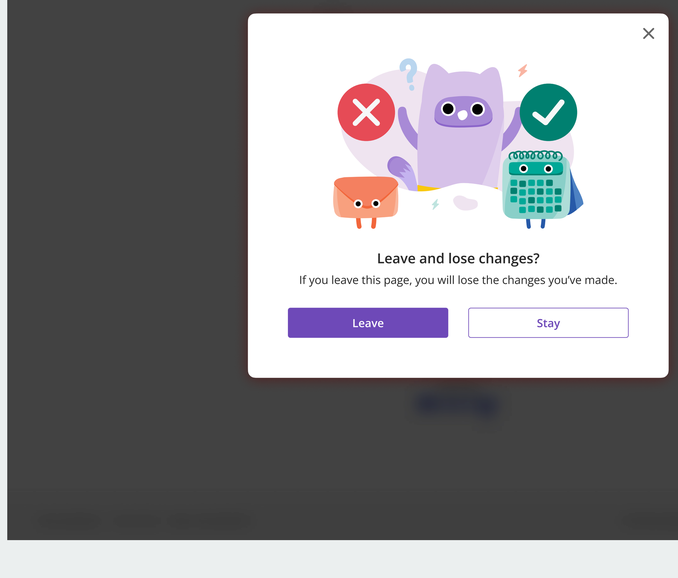
Form modals

Leave and lose changes

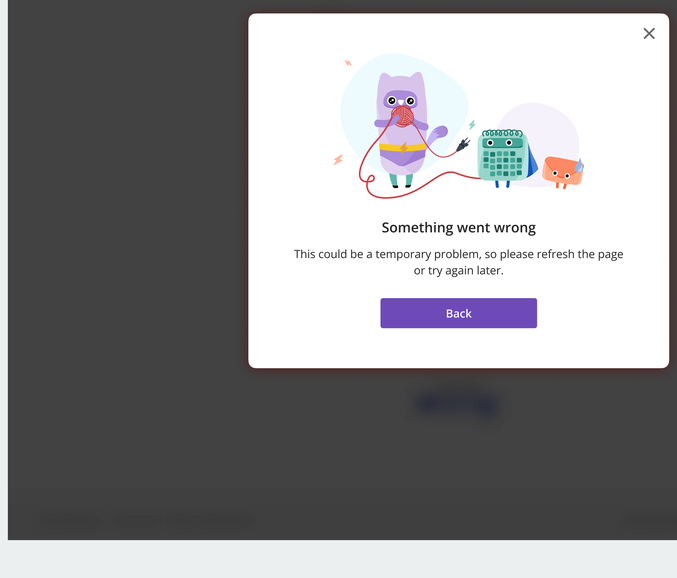
NOTES

- Based on the UX discussion on 28/10/2024, we agreed to keep illustrations in modals that are shared with citizens. For other admin modals, we will standardise them **without illustrations**.
- We will also **keep the 'x' button** for **all modal** (whether they include illustrations or not)

Suzette

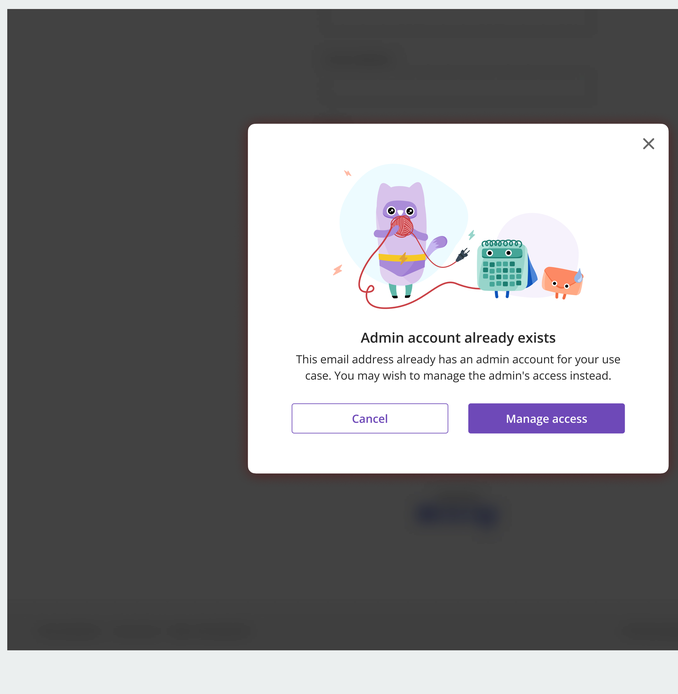


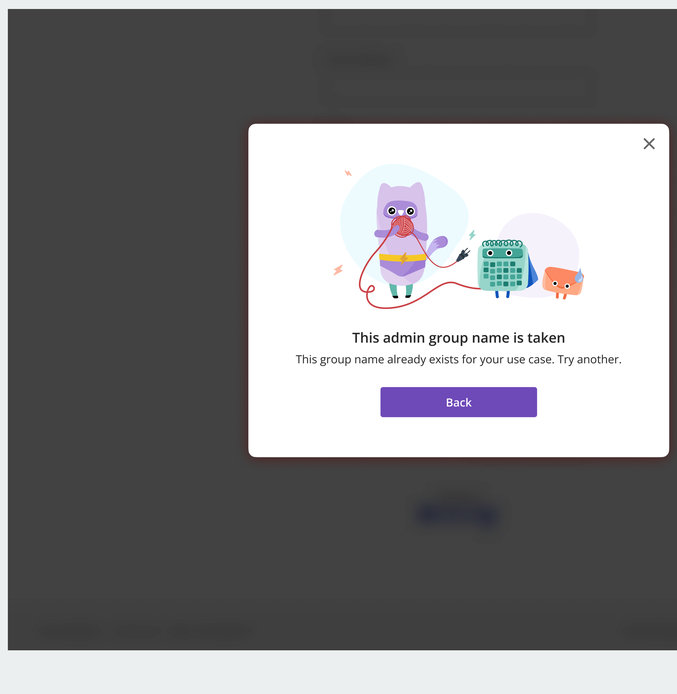
Generic error after submitting form

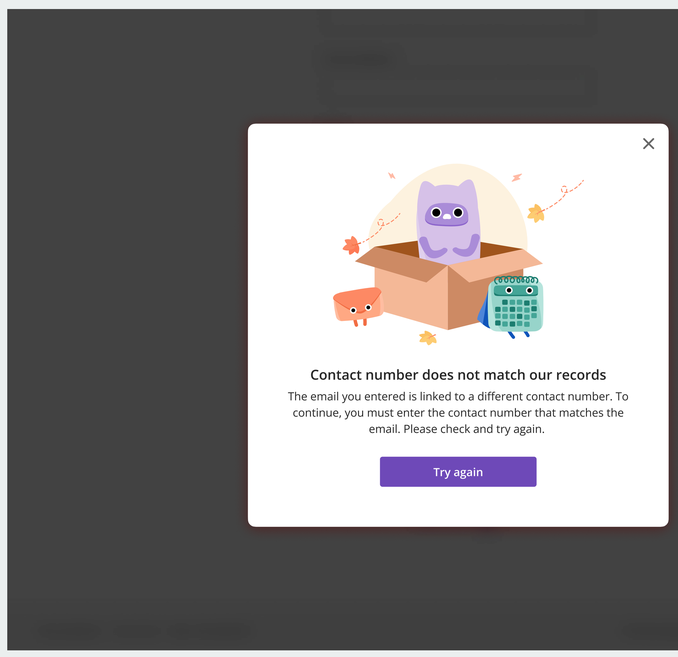


GENERIC ERROR

- Use this when the admin can't do anything to correct the error

Vivienne






Misc – Contextual errors
